Hello to Mr. President, Ms. Vice President and Mr. Treasurer;

As President and I received this email from Mr. Andrew Veith as the courtesy letter in the direction of a request us, The Louisiana Association of the Deaf to give a sum of charity or donation to that Kidz Kamp by Deaf Focus, yesterday. It is not demanded by chunk of contributions for so much of gratuity as begin of their first annual of Kidz Kamp. As for our introduction as we can donate as start off with \$200. Deaf Action Center already made their donation to Deaf Focus.

As which I perceived that Deaf Focus website has referred to our association as Louisiana Association of the Deaf, itself. In addition, in the news channel of 33, Baton Rouge News. The Deaf Focus has been advertising our association via widespread. We are under the necessity of off with the small until for next annual as their second year. In their website and news saying: "The event is sponsored by Deaf Focus Services, a new agency providing counseling, and family and community support, for families with deaf children or deaf parents. The Louisiana Association for the Deaf and Deaf Services Center has provided donations to support the event."

Please conventional and acceptable of this late courtesy from Deaf Focus for Deaf, Hard of hearing and CODA kids for their success of entertains and educational for summer to make all happen by us, all.

Thank you,

Michelli LeFors, Secretary of LAD
